 About ZenDog™

## ZENDOG

### Calming Biscuits

A percentage of the proceeds of CRANIMALS™ products is donated to Pet Rescue organizations

Trust CRANIMALS™ to provide you with the purest, most innovative treat for your furry Zen master! ZENDOG calming biscuits are formulated with organic pumpkin extract, a natural and concentrated source of tryptophan. Tryptophan helps to induce calm by promoting the synthesis of serotonin and melatonin, the Zen hormones of the body.

Like a transcendental meditation, ZENDOGs are perfect to calm nerves and stomachs during long car rides, or simply as a feel good, relaxing snack after vigorous exercise.

No CRANIMALS™ product is complete without our signature cranberry ingredients, so this time we've added cold pressed Cranberry Seed Oil for an extra burst of potent Vitamin E antioxidants and Omega 3's! As a testament to quality, ZENDOGs are oven baked from only Certified Organic and Kosher human food ingredients.

Enlighten your pooch with ZENDOGS!

Namaste 🌸
